India's Premier Trade Show for
Passenger Terminal Design,
Technology and Services

11-12 JUNE 2025

HALL 4, BOMBAY EXHIBITION CENTRE,
MUMBAI, INDIA

inter-passengerterminalshow.com

Overview

The inaugural edition of Inter Passenger Terminal Show, organised by Media Fusion LLC, is set to be an unparalleled platform showcasing the latest advancements, cutting-edge technologies, and innovative solutions in the field of passenger terminal design, management, and operations.

With a perfect blend of a two-day exhibition and conference, the trade show - set to take place from 11-12 JUNE 2025 at Hall 4, Bombay Exhibition Centre, Mumbai, India will serve as a platform that will enable the industry to capture the immense underlying potential in aviation travel and passenger experience.

The premise

India is currently experiencing a significant surge in its aviation industry, driven by factors such as high passenger traffic in major cities, a growing demand for premium services, the expansion of domestic and international networks, and anticipated growth in the supply chain sector.

The nation's immense growth potential was highlighted at a recent event by Civil Aviation Minister Jyotiraditya Scindia who said India's domestic air passenger traffic is expected to reach 300 million by 2030, nearly doubling from 153 million in 2023. According to 2024 data from the International Air Transport Association (IATA), there is a substantial opportunity within the domestic market in India, accounting for a 1.8% increase in total commercial aviation.

The Inter Passenger Terminal Show 2025 promises a comprehensive look into the future of passenger terminal operations and travel as it brings together high-profile exhibitors who will unveil dynamic and evolving advancements, cutting-edge technologies, and innovative solutions for existing and upcoming airports in terms of design, management, and operations all aimed at a seamless passenger experience.

It provides a unique opportunity for visitors to see and experience the latest products, services, and technologies, with hundreds of exhibitors showcasing innovations and the latest solutions to enhance efficiency, safety, and the passenger experience at airports across the globe.

Exhibit at the Inter Passenger Terminal Show

Explore a vast exhibition space where leading companies, startups, and industry pioneers will showcase their products and services. From state-of-the-art technologies in security and baggage handling to sustainable design solutions and passenger experience enhancements, the exhibition promises a comprehensive look into the future of passenger terminal operations and the future of travel.

The inaugural edition of the Inter Passenger Terminal Show offers a distinctive and valuable opportunity for companies engaged in the design, management, and operations of passenger terminals.

Fantastic Business Networking

IPTS 2025 is an ideal platform to generate leads, showcase products and connect with industry stakeholders.

Unique Branding Opportunities

Sponsoring IPTS 2025 is a fantastic way to get your brand out there. Imagine attendees and competitors seeing your logo wherever they go!

Knowledge Exchange
